AUGUST 2020

Summary of Electric and Gas Rate Schedules For Commercial and Industrial Customers

This is a summary of the charges that may apply to you as a customer of PSE&G. It does not replace the PSE&G Tariffs for Electric Service and/or Gas Service. These Tariffs are on file with the New Jersey Board of Public Utilities (BPU). More detailed information can be obtained by visiting our website at pseg.com/tariffs. **Please retain this insert for future reference.**

Electric Service

RATE SCHEDULES AND DESCRIPTIONS:

- **General Lighting and Power Service (GLP):** Delivery service for general purposes at secondary distribution voltages.
- **Large Power and Lighting Service (LPL):** Delivery service for general purposes at secondary distribution voltages where the customer's billing demand exceeds 150 kilowatts in any one month and also at primary distribution voltages.
- **High Tension Service (HTS):** Delivery service for general purposes at subtransmission and high voltage services.
- **Building Heating Service (HS):** This rate schedule is closed and in the process of elimination. HS delivery service is limited to permanently installed comfort building heating equipment in premises that are presently served under this rate schedule.
- **Body Politic Lighting Service (BPL), Body Politic Lighting Service from Publicly Owned Facilities (BPL-POF) and Private Street and Area Lighting Service (PSAL):** Delivery service for street lighting, outdoor area lighting, and floodlighting.

Electric Explanation of Charges

- **Delivery Charges:** Charges for delivering electricity through wires from supply sources to homes and businesses. These charges include a service charge, kilowatt-hour usage charges, and demand charges.

The Societal Benefits Charge, Non-utility Generation Charge, Solar Pilot Recovery Charge, Green Programs Recovery Charge, Zero Emission Certificate Recovery Charge, Tax Adjustment Credit and, where applicable, Commercial and Industrial Energy Pricing (CIEP) Standby Fee are applied to kilowatt-hour use. They allow PSE&G to recover the actual associated program costs to service our customers.

Monthly Service Charge: This is a fixed monthly charge that includes the cost to maintain an account for a customer, including metering and billing.

Charges for Delivering Electric to You: This is the charge for using PSE&G's electric distribution system to deliver electricity to a customer's home and/or business, referred to as the Distribution Charge.

Societal Benefits Charge: This is a charge to recover the cost of government-mandated programs designed to achieve public policy goals, such as energy conservation.

Non-utility Generation Charge: This is a charge for the above market costs associated with non-regulated generation costs. These costs are related to mandated long-term contractual power purchase arrangements and other generation related costs approved by the BPU.

Solar Pilot Recovery Charge: A charge to recover the revenue requirements associated with the Solar Pilot Program as approved by the Board of Public Utilities.

Green Programs Recovery Charge: This is a charge to recover the revenue requirements associated with the PSE&G Green Programs as approved by the BPU.

Zero Emission Certificate Recovery Charge: This charge provides for the recovery of costs associated with the Zero Emission Certificate Program, as directed by the Board of Public Utilities.

Tax Adjustment Credit: This credit returns net tax benefits from the Tax Cuts and Jobs Act of 2017, and other income tax related adjustments to customers.

Commercial and Industrial Energy Pricing (CIEP) Standby Fee: This charge recovers costs associated with the administration, maintenance, and availability of the Basic Generation Service, default electric supply service, for Rate Schedules LPL-Pri., HTS-Sub., HTS-HV and applicable customers served under Rate Schedules HS, GLP and LPL-Sec. Refer to the Tariff for Electric Service for more details.

- **Supply Charges:** These are the generation charges, including the cost of the transmission from generation facilities to the local distribution system.
- **Third Party Supply:** A customer may choose to receive electric supply from PSE&G or a third party supplier. A customer who receives electric supply from a third party supplier will not have to pay the Capacity Charges, Transmission Charges, or the Basic Generation Service Charges (BGS) to PSE&G. The price to compare for PSE&G's Capacity, Transmission, and Basic Generation Service Energy, applicable to customers (by rate schedule), are indicated in the table on the following page.

PSE&G will continue to deliver electricity to its customers and is the company that customers call if they have problems with their delivery service.

**RATES FOR COMMERCIAL & INDUSTRIAL ELECTRIC SERVICE
EFFECTIVE JUNE 1, 2020**

	General Lighting & Power Service (GLP)	Large Power & Lighting Service-Secondary (LPL-S)	Large Power & Lighting Service-Primary (LPL-P)	High Tension Service Subtransmission (HTS-S)	High Tension Service High Voltage (HTS-HV)	Building Heating Service (HS) (Closed)

Lighting Pole & Miscellaneous Device Charges	See Rate Schedule	--	See Rate Schedule

Notes:

- All Charges are on a monthly basis, include all applicable taxes; and are applied on a per customer, per kilowatt (kW), or per kilowatt-hour (kWh) basis, as applicable. See Tariff for Provisions of all Rate Schedules.
- Summer is defined as the months of June through September. Winter is defined as all other months.
 - GLP – Night Use Special Provision – Day Period = the hours of 8 A.M. to 8 P.M. Mon. - Fri. Night Period = All Other. See Rate Schedule for details.
 - LPL & HTS – On-Peak Hours = 8 A.M. to 10 P.M. Mon. - Fri.
 - LPL & HTS – Off-Peak Hours = All Other
 - Charge may change periodically. Refer to pseg.com/tariffs for current charge.
 - Basic Generation Service Residential Small Commercial Pricing (BGS-RSCP) charges for Peak Load Share under 500 kW. See tariff for definition of Peak Load Share.
 - Charge not applicable for customers that elect BGS-CIEP hourly pricing as their alternate supply service in lieu of BGS-RSCP supply.
 - Applicable for customers that elect BGS-CIEP hourly pricing in lieu of BGS-RSCP pricing. BGS-CIEP hourly pricing is available for Rate Schedule LPL-S customers with a Peak Load Share of less than 500 kW and all customers receiving service under Rate Schedules GLP or HS that elect BGS-CIEP pricing as their alternate supply. See tariff for definition of Peak Load Share.
 - Applicable for LPL-S with Peak Load Share 500 kW or greater. See tariff for definition of Peak Load Share.
 - See Rate Schedule for details.

Gas Service

RATE SCHEDULES AND DESCRIPTIONS:

- General Service (GSG):** This is delivery service for general purposes where a customer does not qualify for Rate Schedule RSG Residential Service and customer's usage does not exceed 3,000 therms in any month. (A therm is the basic billing unit for gas.) Customers can purchase gas supply from a third party supplier or from PSE&G's Basic Gas Supply Service default service.
- Large Volume (LVG):** This is delivery service for general purposes. Customers can purchase gas supply from a third party supplier or from PSE&G's Basic Gas Supply Service default service.
- Street Lighting (SLG):** Lamps, posts, and delivery service for gas street lighting purposes. Customers can purchase gas supply from a third party supplier or from PSE&G's Basic Gas Supply Service default service.
- Commodity Charge (BGSS-F):** Firm Basic Gas Supply Service is a default service provided by PSE&G for general purposes and street lighting customers served under Rate Schedules GSG, LVG or SLG. This charge is set monthly based on the commodity cost of gas. The current charge can be obtained by calling the telephone number

listed on your bill, by writing to the address shown on your bill, or by visiting our website at pseg.com/tariffs.

- **Cogeneration Interruptible (CIG):** This is limited to customers who were continuously taking service under this rate schedule or former Rate Schedule CEG on January 8, 2002. This service is provided for the sequential production of electrical energy and useful thermal energy from the same fuel source by a Qualifying Facility where the combined nameplate rated capacity of the generation equipment is not less than 1.5 megawatts and not greater than 20 megawatts. A Qualified Facility is as defined in Section 201 of Public Utility Regulatory Policies Act of 1978, and regularly meets the efficiency standards set forth in Chapter 18 of the Code of Federal Regulations Sections 292.205 (a) and (b).
- **Interruptible Transportation Gas Service (TSG-NF):** This is general purpose interruptible delivery gas service where a customer has an alternate fuel source and has a connected load not less than 150 therms per hour. Customers can purchase gas supply from a third party supplier or from PSE&G's Basic Gas Supply Service interruptible default service.
- **Commodity Charge (BGSS-I):** This is Basic Gas Supply Service interruptible default service provided by PSE&G for general purposes for customers served under Rate Schedule TSG-NF. This charge is set monthly based on the commodity cost of gas. The current charge can be obtained by calling the telephone number listed on your bill, by writing to the address shown on your bill, or by visiting our website at pseg.com/tariffs.
- **Firm Transportation Gas Service (TSG-F):** This is limited to customers continuously taking service under this rate schedule since December 1, 1994. This rate is no longer available for new applicants. The rate provides firm transportation gas service where a customer has a connected load of at least 150 therms per hour. Customer's qualified third party supplier arranges for the delivery of gas supplies to PSE&G's distribution system.

Gas Explanation of Charges

• **Delivery Charges:** This includes the Service Charge, the charges for balancing, and weather normalization (where applicable), charges for distributing natural gas, the Societal Benefits Charge, Green Programs Recovery Charge, and the Tax Adjustment Credit. Please refer to the Tariff for Gas Service for more details concerning balancing requirements and its applicability.

Monthly Service Charge: This is a fixed monthly charge that includes the cost to maintain an account for a customer, including metering and billing.

Charges for Delivering Gas to You: This is the charge for using PSE&G's gas distribution system to deliver natural gas to a customer's home and/or business, referred to as the Distribution Charge.

Balancing Charge: The charge for balancing is applied from October through May. The Balancing Charge is for using PSE&G's storage system to adjust for the differences between the amount of gas delivered for a customer on a daily basis versus the amount of gas used by a customer on a daily basis. A charge for weather normalization is combined with the Balancing Charge for billing purposes, and can be either a credit or a charge.

Societal Benefits Charge (SBC): This is a charge to recover the cost of government-mandated programs designed to achieve public policy goals, such as energy conservation.

Green Programs Recovery Charge: This is a charge to recover the revenue requirements associated with PSE&G Green Programs as approved by the BPU. It is combined with the Societal Benefits Charge for billing.

Margin Adjustment Charge (MAC): This charge credits certain net revenue, where applicable. It is combined with the Societal Benefits Charge for billing.

Tax Adjustment Credit: This credit returns net tax benefits from the Tax Cuts and Jobs Act of 2017, and other income tax related adjustments to customers.

• **Supply Charges:** These are charges associated with the cost of natural gas supply.

• **Third Party Supply:** A customer may choose to receive gas supply from PSE&G or a third party supplier. A customer who receives gas supply from a third party supplier will not have to pay the PSE&G Commodity Charge. The current Price to Compare is available on PSE&G's website.

General Information

- To access information about past energy usage:** Previous billing history, which details your energy use and payments compared to previous months and the previous year, is available through **My Account** at pseg.com.
- Purchased Electric Power Payment Schedule (PEP):** Under certain conditions, PSE&G will purchase electric energy produced by small power producers. For more information write to: Manager, Non-utility Generation Contracts, PSE&G - T8, P.O. Box 570, Newark, NJ 07101.
- BPU Assistance:** PSE&G is subject to the jurisdiction of the New Jersey Board of Public Utilities, 44 South Clinton Avenue, 9th Floor, Post Office Box 350, Trenton, NJ 08625-0350. You may contact the BPU at (609) 341-9188 or (800) 624-0241 to request assistance in the resolution of a disputed bill.
- Late Payment Charge:** Certain tariffs for gas and electric service provide for a 30-day late payment charge. This charge is applicable at the rate of 1.416% per monthly billing period.
- Returned Check Charge:** There is a \$15 charge for returned checks.
- Field Collection Charge:** When it becomes necessary for PSE&G to make a field collection visit, a charge of \$30.00 will be applicable.
- Tax-exempt Customers:** Bills for customers exempt from the New Jersey Sales and Use Tax and Corporation Business Tax will be adjusted in accordance with their tax-exempt status. See rate schedule for definitions.
