

# Non-Residential Developers

Updated: October 3, 2016

*This list is for informational purposes and does not constitute an endorsement by PSE&G of any particular solar installer. Interested customers should consult the yellow pages, the internet, NJCEP and other sources for referrals to an installer.*

## Large Installations

The following companies have installed or are developing two or more large (greater than 150kW) solar electric generating systems for non-residential borrowers that have applied for financing under the Solar Loan III Program since it launched in 2013.

Developer	Headquarters	Website
BNB Renewables	New York, NY	<a href="http://bnbrenewables.com">bnbrenewables.com</a>
