

**NOTICE TO PUBLIC SERVICE ELECTRIC AND GAS COMPANY CUSTOMERS
IN THE MATTER OF THE PETITION OF PUBLIC SERVICE ELECTRIC AND GAS COMPANY FOR APPROVAL
OF CHANGES IN ITS ELECTRIC AND GAS SOCIETAL BENEFITS CHARGE RATES, AND FOR A CHANGE IN ITS
ELECTRIC NON-UTILITY GENERATION CHARGE RATE**

**Notice of a Filing and Notice of Public Hearings
BPU Docket No. ER24120878**

TAKE NOTICE that, on December 30, 2024, Public Service Electric and Gas Company ("Public Service," "PSE&G" or "Company") filed a petition and supporting documentation with the New Jersey Board of Public Utilities ("Board" or "BPU") requesting a resetting of the Company's Electric and Gas Societal Benefits Charges ("SBC") and its Electric Non-utility Generation Charge ("NGC"). If approved, this filing would decrease rates to be paid by the Company's electric customers by \$3.2 million annually and would increase rates to be paid by the Company's gas customers by \$37.5 million annually. These changes are the result of adjustments in the electric NGC (which recovers Non-utility Generation above market costs) and various applicable components in the separate electric and gas SBCs, including Social Programs and Energy Efficiency. Subsequent to this filing, on January 29, 2025, the Board approved the Company's Remediation Adjustment Charge 30 Filing (RAC 30) that impacted the calculation for the SBC. As a result, the SBC charges and related bill impacts reflected in this notice have been updated. No changes have been made to the Social Programs and Energy Efficiency components proposed in this filing. The proposed electric and gas SBC charges and the electric NGC charge, if approved by the Board, are shown in Table #1 and 2.

The approximate effects of the proposed change on typical electric and gas residential monthly bills, if approved by the Board, are illustrated in Tables #3 and #4.

Under the Company's proposal, a typical residential electric customer using 683 kilowatt-hours in a summer month and 558 kilowatt-hours in an average month (6,700 kilowatt-hours annually) would see a decrease of approximately 0.03% in the average monthly bill from \$134.19 to \$134.15 or \$0.04.

Under the Company's proposal, a residential gas heating customer using 172 therms per month during the winter months December through March and 87 therms in an average month (1,040 therms annually) would see an increase in the average monthly bill of approximately 1.29% from \$98.82 to \$100.09 or \$1.27.

Any rate adjustments with resulting changes in bill impacts found by the Board to be just and reasonable as the result of the Company's Petition may be modified and/or allocated by the Board in accordance with the provisions of N.J.S.A. 48:2-21 and for other good and legally sufficient reasons to any class or classes of customers of the Company. Therefore, the described charges may increase or decrease based upon the Board's decision.

A copy of this Notice of Filing and Public Hearings on the Petition is being served upon the clerk, executive or administrator of each municipality and county within the Company's service territory. The Petition is available for review online at the PSEG website at <http://www.pseg.com/pseandgfilings> and has also been sent to the New Jersey Division of Rate Counsel ("Rate Counsel"), who will represent the interests of all PSE&G customers in this proceeding. The Petition is also available to review online through the Board's website, <https://publicaccess.bpu.state.nj.us>, where you can search by the above-captioned docket number. The Petition and Board file may also be reviewed at the Board located at 44 South Clinton Avenue, Trenton, NJ, with an appointment. To make an appointment, please call (609) 913-6298.

PLEASE TAKE FURTHER NOTICE that virtual public hearings are scheduled on the following date and times so that members of the public may present their views on the Petition:
