The attached listings include all documents filed with the SEC since 2013 by (i) PSEG Power LLC (PSEG Power), parent of the owner/operator of the Salem 1 nuclear unit, PSEG Nuclear LLC; (ii) Exelon Generation Company LLC (Exelon Generation), minority co-owner of the Salem 1 nuclear unit; and (iii) their respective parent companies, Public Service Enterprise Group Incorporated (PSEG) and Exelon Corporation (Exelon). PSEG Nuclear LLC is a wholly-owned subsidiary of PSEG Power and does not make separate SEC filings. The lists include hyperlinks to each of the filings as available on the SEC's website. To avoid duplication, the listing for PSEG does not include reports filed on a combined basis with PSEG Power as they are already reflected on the PSEG Power list. Similarly, the listing for Exelon does not include reports filed on a combined basis with Exelon Generation.

Copies of all listed filings are also attached.
